Preapproved Business

Affidavit of John Rowan, National President, Vietnam Veterans of America, Inc.

John Rowan, being duly sworn, deposes and says:

1. I am the National President of Vietnam Veterans of America, Inc. (VVA). The purpose of this affidavit is to comply with the requirements of Article I, Section 4.G. of the VVA Constitution which authorizes VVA's President to submit a question to the VVA Board of Directors for a vote in between Board meetings when he determines that the matter requires the Board's immediate attention.
2. On December 2, 2015, the National Board of Directors was presented with a motion that was seconded by the National Secretary, Bill Meeks, Jr., seeking Board ratification on the following motion regarding Next Generation (NextGen) Fundraising as the direct mail vendor. The Board of Directors was asked to submit their vote no later than 7 am on December 4, 2015. The motion is as follow:

**Motion 1:** To approve Next Generation (NextGen) Fundraising to replace Mansfield Assoc. as our Direct Mail vendor effective 3-1-16. Passed.

3. On December 4, 2015, the National Secretary notified me that the vote of each Board member who voted on the motion was as follows:

**National President/J. Rowan**

October 26th I attended a NYC Veterans Advisory Board meeting in the Bronx, NY.

On November 4 I took part in a Sirius XM taping with the Legion’s Executive Director and Paul Reikhoff from IAVA. It was played twice on Veterans Day.

November 6-7 I attended an officers meeting of the NYS Masonic War Veterans. I helped them with IRS issues with assistance from Joe Sternburg.

November 10-12 Mariann and I traveled to DC for the Veterans Day Ceremony at the White House and Arlington.

On November 16th I attended a NYC Veterans Advisory Board meeting in Queens, NY.

On the evening of December 8th I was the guest speaker at a dinner for the executive committee of the Italian America Cultural Association of Queens. I was given a donation of $1,000 for the Veterans Health Council. In addition one of the members of the board, who is a friend of mine and recommended VVA for the donation, also gave me a personal donation of $500 for the VHC.

December 9-10 I traveled to DC to attend a VSO briefing by the Democratic National Committee. I also attended an open house at the headquarters of the Student Veterans Association. That evening I attended one of VVA sponsored dinners for the wounded warriors recuperating at Fort Belvoir. These are always inspirational events.

On December 10th I attended a bill signing ceremony on the deck of the Intrepid in NYC. The bill established a NYC Department of Veterans Services which replaces and expands the operations of the Mayor’s Office of Veterans Affairs. This was a major victory for the veterans service organizations that have been asking for this for many years. I received one of the Ceremonial pens.

December 11-13 Mariann and I attended a VVA NYSC Executive Board meeting in Saratoga, Ny.

**National Vice President/M. Four**

Activities for this period included the following:

- Attended the Annual New Jersey Sussex County Veterans Appreciation Parade held on November 1st, where I participated as its Grand Marshall. VVA Chapter 327 is one of the major players in this event.
- Traveled to Washington, DC for the Veterans Day events on the Mall.
- Traveled to National Office in Silver Spring in late December meeting with Tracie Houston regarding the membership department.
- Traveled to Louisville, KY representing VVA to attend the funeral of former national Board Director, Jacqui Rector.
- My participation on a conference call as a member of the National Advisory Council for the American Academy of Nursing regarding its program “Have You Ever Served in the Military”.
- Continue working with Tracie Houston on Membership Department
- Continue discussions on VVA POAs and possible future actions to consider.

Much of my time was spent working with and assisting Tracie Houston, Director of ITSM (Information Systems Management Department) on elements of this department and that of the Membership Department, which now falls out under her on the organizational chart.

Items we addressed included:
- Determining the current duties and responsibilities of each staff member in each department.
- Evaluating the duties as to whether they are actually a function of those departments and their positions.
- Reassigning some duties that were inappropriate to them to the departments where they should actually reside.
- Speaking with the other Department Directors regarding the reassignment of these duties to them
- Redeveloping the IT and Membership Department job and department descriptions.
- Developing a job description for the new membership department staff person, who will ultimately perform some of the duties that are now being done by the current department staff.

Lunch Meetings with Committee Chairs
In September after convention I had a memo sent to all committee chairs. It was an introduction (primarily for new chairs) and an outline of the duties and responsibilities that they had.

I have been holding these meetings on Friday of the National Board of Director meetings. This hour allows us to discuss items of interest and relay information that may affect the work of the committees. In great part the Committee Chairs set the agenda concerning items of which they are interested. Traditionally the first meeting after convention involves the review of the responsibilities of the committee chairs and an outline of what occurs over the course of the year. At the October meeting we also discussed their duty to attend the Government Affairs Committee meeting, the development of the committee budget and work that can be done between meetings (I will get them a free conference call number). In the past, with help from Sandy Miller, Chair of Homeless Veterans committee, a standardized committee meeting minute form was developed.

Prior to convention, the Resolutions Chairs discusses what they will be doing at convention and how they will address their resolutions on the floor. Prior to the budget submissions, CFO, Joe Sternburg meets with them to answer any questions they may have. At times we discuss how some of their issues cross over to other committees and how they can coordinate their work. Other topics have included: staff liaisons; interfacing with office departments; media calls; and VETERAN articles.

National Secretary/B. Meeks
January 2005 BOD Motion # 15: That the National Secretary following a national board of directors meeting send out in appropriate format, prior to each Board of Directors meeting, an interim synopsis progress report of all motions passed, to include action required, responsible party and date to be completed. All motions will be considered incomplete until the Secretary receives the documentation from the responsible party.

- There are two disciplinary cases underway at this time and both are having hearing panels scheduled in February.
- The current VVA BOD policies and motions have been delivered to the appropriate VVA committee or department.
- Working on chapters who are on VVA suspension for no reporting (financial & election).

**National Treasurer/W. Reynolds**

We have been meeting with Household Goods vendors as arranged by Quentin Butcher. The results of these meetings have been different vendors in some areas and clarification of what the vendors need from VVA. The program remains vibrant and Mr. Butcher continues to do an excellent job for VVA.

Veterans Day was very active and VVA maintained its presence on the Washington Mall. Charlie Hobbs continued to lead a representative group of VVA leaders in passing out literature and answering questions about VVA.

The Contracts maintained by VVA are up to date and represent the best possible business practices. Through contracts VVA is able to maximize the effectiveness of staff while using outside resources.

We have moved the filing of Financial Reports to the Finance Department and are continuing our efforts to provide training and assistance to State Councils and Chapters in filing Financial Reports. Joe Sternberg will be going to the next CSCP meeting to further this effort.

Veterans Choice has been implemented by the Veterans Administration and I have had the opportunity of taking advantage of this program. Overall the service went well but I have some suggestions to submit to the VA to improve the program.

Michael Keating continues to oversee the advertising contract for The Veteran. He and I are going to make a trip to Chicago in early February to meet with Fox and Associates who contract to sell the advertising.

HAPPY NEW YEAR!

Since returning home from the October Board meeting, the Board has conducted business and communicated through our online conferencing platform. The minutes from the October meeting have been approved. The minutes and all Officer, Regional, and Committee reports can be read on the AVVA website. ([www.avva.org](http://www.avva.org)). All budget proposals were due to the Finance Committee by December 1st. We worked diligently until the week before Christmas; we took two weeks off to be with our families during the holidays and the New Year.
In November, AVVA attended the ceremonies in Washington DC and worked in the Membership/Information tent. Members, Mariann Rowan and Carol Reynolds, laid the wreath at the Tomb of the Unknown Soldier; Cathy Keister and Cecilia Essenmacher laid a wreath at The Wall and at the In Memory Plaque.

AVVA participated in both Call-in days to our Congress people. We had a very positive response from our membership; everyone was eager to call and be involved.

The latest edition of our online newsletter, *UPDATES*, is posted on the AVVA website. Elayne Mackey along with the Public Relations Committee do an excellent job in gathering information and publishing our E-newsletter.

The In Memory Plaque Task Force continues to work with JC Cummings, design architect, and the governmental agencies in the repair of the Plaque. The Taskforce is made up of AVVA and VVA members; all dedicated to the repair and restoration of this Plaque so that it is once again an honorable tribute.

In December, we donated $1,000 to the Veterans Voice Writing Project. Diane Nicholson, AVVA Chaplain, continues to work with Father Phil in sending sympathy cards to the families of all reported deceased members of VVA and AVVA.

During the months of November and December 2015, AVVA offered life membership for $100. The "special" was well received. Unfortunately, I don’t have the totals at this writing, but will give an update at the Board meeting.

January is budget time for AVVA. Our Finance Committee is meeting to prepare the 2017 proposed budget; the budget will be presented and hopefully approved by the Board during the April meeting.

AVVA mourns the untimely death of NV State Association President, Virginia Sawchuk.

Status of VVA Claims Backlog at BVA

There has been a noticeable increase in the past half year in the amount of VVA appeals received at the BVA (see charts below). This can be explained, in part, by VA’s transition to VBMS and its focus on the claims backlog instead of the appeals backlog. Reports from the field and complaints from veterans indicate that there continues to be a long delay between filing an appeal and that appeal being certified to the Board. As of January 4, 2016 we have 316 cases in our inventory at the Board. From January 1, 2015 to December 31, 2015, VVA has received a total of 546 appeals at the BVA. This number should continue to rise with the impending backlog of appeals making their way to the BVA. The total pending Form 9 appeals backlog is 1,100 cases. Our increasing backlog is attributed part to an increase in cases received, but also to a high attorney turnover at our BVA office. The lack of experienced attorneys directly impacts our production.
Our approval (grant) rate during this past quarter for appeals was 29.4% and our denial rate was 14.7%. These statistics are based on 170 VVA cases decided in Q1 FY’15.

Of the appeals received at the Board for FY’15 Q1, the cases have an average docket date of April 2012 and a median docket date of August 2012. This early docket date is explained by the recent influx of post-remand appeals. For Q1 FY 2015, VVA received a total of 132 appeals at the BVA; 61 originals and 71 post-remands. In Q4 FY 2015, VVA received a total of 206 appeals at the BVA; 78 originals and 128 post-remands. VVA’s performance at the BVA has continued to improve throughout FY 2015.

2. VVA National Claims Statistics & AMC Office Statistics

For FY2016 Q1 (Oct 1, 2015-Dec. 31, 2015) veterans and dependent with VVA POA received a total of $219.7 Million in compensation, pension, & DIC benefits, of which $148.3 Million (67.5%) was from states with VVA Service Programs who are receiving VVA grant funding. These amounts include retro awards.

3. AMC Office Improvement Project

The AMC office was a large room with 4 desks and lacked privacy for veterans meeting with their service officer. We eliminated the unneeded furniture, bookshelves, and filing cabinets which held over 30 banker boxes of files. The VA built out two smaller offices within the VVA office to accommodate the need for veteran’s privacy. Now we have two private offices for veterans to meet with their service officers. This was accomplished at minimal cost to VVA.

In addition, we have scanned over 100,000 pages of service officer working files from this office and over 45,000 pages of service officer accreditation files at VVA National. The scanning work is continuing.

Special thanks to Lillian Pitts, our Sr. Service Officer and AMC Office Supervisor for her leadership in spearheading this project, and Dee Wallace, who together, have made this project a success.

4. Staff Changes

\(^2\) This figure reflects retroactive payments awarded in VVA claims reviewed by AMC office.
\(^3\) This figure records the actual increase in monthly payment that the new rating decision grants, as compared to the veteran’s old compensation payment. (e.g. Vet currently gets $1000 a month. The new decision grants him a new total monthly payment of $1200. Therefore, the ongoing increase is $200.)
VVA lost half of its most experienced attorneys this last quarter. Our attorney salaries at VVA need to be adjusted in the upcoming budget to prevent further turnover. In the past 4 years VVA has lost 10 attorneys, and this high turnover negatively affects the continuum of representation of our veterans whose cases are frequently being re-assigned to new attorneys. This high turnover also takes experienced attorneys away from working cases as they are training the new hires, and this is significantly contributing to the increased backlog and delaying veterans’ appeals. To put this into perspective, the appeals backlog was at 700 cases October 2010, and it took 4 ½ years get it down to 25 cases (April 2015). The BVA backlog has since skyrocketed to over 316 cases in the past 6 months.

Jamie Rudert, Deputy Director, Veterans Benefits Program, left VVA in October 2015. We wish him well in his endeavors.

Micah Lemons, Senior Attorney and then promoted to Deputy Director to replace Jamie Rudert, left VVA in November 2015. We wish him well in his endeavors.

Kelsey Yoon was promoted to Deputy Director and replaced Micah Lemons in November 2015.

Stephanie Vang was promoted to Senior Appellate Attorney October 2015 at the Board and replaced Kelsey Yoon.

Jordan Hansbrough was hired in January 2016 as a National Appellate Attorney at the Board and replaced Stephanie Vang.

Christina Manning was hired in January 2016 as our new eVSO.

Donna Lempin, Administrative Assistant at the AMC, left VVA in December 2015. We wish her well in her endeavors.

We are pleased to welcome Jordan and Christina to our team and congratulate the rest on their promotions.

5. VVA Litigation

UPDATE: On June 30, 2015, the United States Court of Appeals for the Ninth Circuit affirmed in part and reversed in part the district court’s judgment and injunction entered in an action brought by veterans organizations and individuals who were subjects in chemical and biological weapons experiments conducted by the United States military. On September 4, 2015, the CIA disagreed with the June 30, 2015 decision and filed a petition for rehearing and rehearing en banc. On October 8, 2015, VVA filed an opposition to the petition for a rehearing and
rehearing en banc.

**BACKGROUND:** In this case, the Department of the Army (the main party in the action) was sued in a class action (certified in August 2013) of which VVA is a party in respect to the testing of up to 400 unknown chemical agents on soldiers at Ft. Detrick, the Aberdeen Proving Grounds, the Ridgewood Arsenal, and other locations from the years 1952 to 1975.

Most recently, on June 30, 2015, a panel of judges agreed with the district court that the U.S. Army had an ongoing duty to provide former test subjects with newly available information relating to their health, and that his duty was judicially enforceable. The panel of judges also agreed with the district court that the Army had an ongoing duty to provide medical care. The Court, however, vacated and remanded the district court’s denial of relief on the ground that the Department of Veterans Affairs provided medical care that to some degree duplicated the care the Army was obligated to provide.

On September 4, 2015, the CIA filed a petition for rehearing and rehearing en banc. The CIA argues that the panel 1) erred in holding that the plaintiffs are entitled to an injunction requiring the army to provide medical care in addition to the care available from the VA and the panel 2) erred in holding that plaintiffs are entitled to an injunction requiring the army to provide additional notice to plaintiffs of any newly-acquired information that could potentially affect their health beyond the notice already provided.

On October 8, 2015, VVA filed an opposition against the petition for rehearing and rehearing en banc. VVA argues that the panel: 1) correctly reversed the District Court’s refusal to compel the army to comply with its regulation and provide medical treatment, 2) correctly held that AR 70-25 imposes a non-discretionary duty to perform discrete agency action, and 3) properly affirmed the injunction requiring the Army to provide notice.

2) **FOIA Cases:** *Vietnam Veterans of America et al. v. Dept. of Defense*, No. 3:15-cv-658-VAB (D. Conn. 2015)

**UPDATE:** On November 2, 2015, VVA and NVCLR released a report with findings from documents that the DOD had disclosed during litigation. On January 6, 2016, a Stipulation of Settlement and Proposed Order was filed by all parties.

**BACKGROUND:** The Plaintiffs argue that the Department of Defense has violated the law by failing to release records showing that it has wrongfully discharged nearly 31,000 service members on the basis of so-called “Personality
“Disorder,” preventing disabled veterans from receiving the disability compensation and other benefits they have earned. With the assistance of the Yale Veterans Legal Services Clinic, VVA previously litigated two FOIA lawsuits to obtain records regarding these practices:

Currently, VVA is litigating a third FOIA lawsuit against the Department of Defense for failing to respond to FOIA requests. VVA and National Veterans Council for Legal Redress (NVCLR) initiated these FOIA requests to gauge compliance with former Secretary of Defense Chuck Hagel’s PTSD Upgrade Memo of September 2014 that required Boards to give “liberal consideration” to PTSD claims.

On May 4, 2015, VVA, NVCLR, and YLS filed a Complaint for Declaratory and Injunctive Relief against the Departments of Defense, Army, Navy, and Air Force. On November 2, 2015, VVA and NVCLR released a report with their findings from documents the DOD had disclosed during litigation. While the report showed a significant spike in the Army Board’s grant rates for veterans with PTSD, it revealed that the military boards had generally fallen short of complying with the PTSD Upgrade Memo, especially with regards to its public outreach requirement. The report detailed a number of recommendations for further military board reform.

On January 6, 2016, a Stipulation of Settlement and Proposed Order was agreed to and filed by all parties. The stipulation requires the DOD to produce statistics regarding discharge upgrade applications for veterans claiming PTSD on a quarterly basis for a period of two years, beginning January 1, 2016. These statistics are to be disaggregated by military department and by the type of Board, and must include the number of: (1) discharge upgrade applications sent to the respective Board for Correction of Military/Naval Records or Discharge Review Board in which PTSD is alleged to have been a contributing factor, (2) discharge upgrade applications granted, and (3) discharge upgrade applications denied. The stipulation also provides that the plaintiffs’ claims against the defendants will be dismissed with prejudice. Finally, the stipulation provides that the Court shall maintain jurisdiction to monitor and enforce compliance with terms of the stipulation.

Link to Complaint:

**UPDATE:** On June 22, 2015, plaintiffs Conley Monk, VVA, and NVCLR announced that the respective record correction boards had granted the discharge upgrade requests of all five individual plaintiffs.

**BACKGROUND:** On March 3, 2014, five combat Veterans and three VSOs filed a class action lawsuit in Federal District Court seeking relief for Vietnam Veterans who developed PTSD during their military service and subsequently received an other than honorable discharge. For more than 40 years, the Army Board for Correction of Military Records, the Board for Correction of Naval Records, and the Air Force Board for Correction of Military Records, have virtually ignored the claims of Plaintiffs and tens of thousands of similarly situated veterans by categorically refusing to recognize undiagnosed Post-Traumatic Stress Disorder (“PTSD”) as the underlying cause of behavior that led to their other-than-honorable discharges.

On November 14, 2014, Judge Warren Eginton remanded the claims of the five individual plaintiffs to the Boards for Correction of Military Records so that the named plaintiffs’ discharge upgrade applications could be reconsidered in light of the new guidelines issued to the boards by Secretary of Defense Chuck Hagel in September 2014 (see below). The Court ordered the boards to decide each resubmitted application of a named plaintiff within 120 days. In the same order, Judge Eginton dismissed without prejudice the claims brought by Vietnam Veterans of America, Vietnam Veterans of America Connecticut State Council, and the National Veterans Council for Legal Redress. This means that the Judge did not make any ruling on the merits of the organizations’ claims, and that the organizations may file the case in the future. The Judge dispensed with all other pending motions in the case, including plaintiffs’ motion for class certification.

On June 22, 2015, plaintiffs Conley Monk, VVA, and the National Veterans Council for Legal Redress announced that the respective record correction boards had granted the discharge upgrade requests of all five individual plaintiffs.

UPDATES: No updates at this time.

BACKGROUND: VVA, SWAN, and YLS submitted a petition for rule-making to the VA seeking to reform regulations regarding disability claims filed each year by thousands of veterans suffering from PTSD related to rape, sexual harassment, or sexual assault (collectively “military sexual trauma” or “MST”). Filed in June 2013, the petition requested that VA adopt evidentiary accommodations for MST claims, as VA has done for numerous other disabilities that are difficult to prove and that disproportionately affect male service members. When VA ignored the rulemaking petition, the clinic filed suit in the U.S. Court of Appeals for the Federal Circuit to compel the agency to respond to the petition. On July 14, 2014, VA denied the rulemaking petition. On July 29, 2014, VVA, SWAN, and YLS filed a second suit in the Federal Circuit challenging VA’s rejection of the petition and its refusal to end discrimination against MST survivors. On July 29, 2014, the Federal Circuit granted the petitioners’ unopposed motion to withdraw their petition for review.

5) McKinney v. McDonald, 796 F. 3d 1377 (Fed. Cir. 2015)

UPDATES: No updates to report at this time.

BACKGROUND: Parties to the case are NVLSP, VVA, Military Order of the Purple Heart, and American Legion. At issue is the effective date of a 2011 regulation that applied a presumption to Korean DMZ claims. See 3.307(a)(6)(iv). In 2003, Congress passed the Veterans Benefits Act, which authorized benefits for AO exposure, but only applied a presumption for Korean DMV vets who served from 4/1/68 to 7/1/69 (16 month window). Veterans who served from 9/1/67-3/31/68 and from 8/1/69-8/31/71 did not get the presumption and had to prove exposure on a factual, case-by-case basis. This was later changed in 2011, when the 16 month window of exposure was expanded to 41 months. This means that the presumption only applied for those who filed after 2011.

The litigation claims that potentially hundreds or thousands of veterans who filed for claims after 2003 but before 2011 were denied AO related compensation because of the regulation’s February 24, 2011 effective date.

McKinney is the veteran that is the plaintiff in VVA’s current case. However, the litigation is a direct result of a Korean DMV veteran by the name of Brian Mallory. Mallory took his case to the CAVC, seeking benefits for diabetes dating back to December 2006. Shortly before oral argument, the VA decided to settle the claim. In the settlement, the VA anticipated that it would similarly treat
claims appealed to the CAVC that were similar to Mallory case. VVA’s lawsuit seeks to change the 2011 effective date to 2003, so that all veterans would receive the same treatment afforded to Mallory.

The lawsuit was filed on October 24, 2014. The VA responded on December 8, 2014 arguing that there is no legal basis for applying an earlier effective date. VVA filed a reply brief on January 12, 2015. Oral argument was heard on April 8, 2015. On August 11, 2015, the Federal Circuit denied the petition to review a regulation’s effective date that provides a presumption of herbicide exposure for certain veterans who served in or near the Korean demilitarized zone during the Vietnam era. The Court held that the VA’s decision to assign the 2011 regulation a prospective effective date, instead of a retroactive effective date, was not arbitrary, capricious, or contrary to law.

6) “C-123” Case

**UPDATES:** No updates at this time.

**BACKGROUND:** In April 2015, Yale Law School Veterans Clinic prepared a memorandum on behalf of the C-123 Veterans Association and VVA explaining that reservists who were exposed to herbicides aboard contaminated C-123s are immediately eligible for service-connected disability compensation because these reservists were injured during their training. After receiving a report from the Institute of Medicine (January 9, 2015), VA decided to acknowledge exposure to Agent Orange for personnel whose military service involved regular contact with the contaminated C-123 aircraft. This includes individuals who performed service in the Air Force or Air Force Reserve who regularly operated, maintained, or served onboard C-123 aircraft known to have been used to spray herbicides during the Vietnam era. In August 2015, VA reported that it began awarding compensation for C-123 Agent Orange claims.

7) The American Legion v. McDonald, Appeal No. 15-7061 (Fed. Cir. 2015)

**UPDATES:** On October 8, 2015, oral arguments were presented to the Federal Circuit.

**BACKGROUND:** The case was filed in the United States Court of Appeals for the Federal Circuit on March 20, 2015. The American Legion, AMVETS, the Military Order of the Purple Heart, the National Veterans Legal Services Program, and the Vietnam Veterans of America joined forces to file the lawsuit together against Secretary Robert A. McDonald seeking to stop the implementation of new VA rule RIN 2900-AO82 eliminating most informal VA claims and limiting the types of claims VA will adjudicate. The lawsuit seeks to have VA’s new rule eliminating the most important part of the informal VA claims process, and limiting the types of inferred claims VA adjudicates, declared unlawful.
Injured veterans will suffer under a new rule implemented by the Department of Veterans Affairs (VA) that went into effect on March 24, 2015. Under VA’s longstanding informal adjudication process, benefits awarded to veterans are paid retroactively starting on the date on which the VA received a notice from the veteran (usually a letter) signaling an intent to file. Under the new rule, the clock for an effective date for benefits starts only when a veteran files standardized VA paperwork.

Additionally, under the final rule, VA severely limits the types of benefits that the agency will adjudicate when presented with a disability benefits claim by a veteran. If a veteran files a disability claim based on post-traumatic stress disorder but fails to mention in the application that he or she lost both legs in combat, VA is purportedly no longer obligated to develop or adjudicate any benefits related to the veteran’s amputations—even if the service treatment record documents the amputations. This policy change stands to hurt countless veterans, but especially those returning from combat, who often have multiple injuries and disabilities.

On October 8, 2015, oral arguments were presented to the Federal Circuit by American Legion, VVA, and other veterans groups.

6. Service Officer Training

We have continued to add training videos to the Service Officer Online Resource Center, accessible at www.benefitsforum.org. Additional training videos will also be added soon- NVLSP conducted training on “Service Officer Ethics” and “New VA Forms” at VVA National on 10/26/2016. They will return to VVA National on 1/19/2016 to present training on “Clear and Unmistakable Error (CUE)” claims.

We are planning our Advanced Service Officer Training to be held at the VVA Leadership & Training Conference July 2016. If you have requests for topics not covered by any of the training videos, please contact Jim Vale or Kelsey Yoon.

7. VVA Accredited Representatives List

Currently there are 995 VVA accredited representatives nationwide listed on the “VA OGC Accreditation Search” database. We are continuing to update our list and will cancel accreditations from service officers who fail to update their contact information or are no longer practicing service officers.

8. VETPRO Database
Upon our last review we have 54 active users on VetPro, and are continuing webinar training so we can add more service officers.

If you are a VVA Service Officer and would like training on VetPro, please contact Jim Vale or Kelsey Yoon.

**9. Service Officer Suspensions/Revocations**

None at this time.

**10. VVA GRANTS**

The 6-Month Report from current grantees is due April 15, 2016.

Those grantees who fail to comply with the terms of the MOU will be subject to loss of grant funding. All grant recipients have been warned.

**11. Site Visits – Des Moines RO & Seattle RO**

In November, 2015, VVA National sent staff to the Des Moines, IA RO for a site visit related to the VVA Service Officer Grant funding MOU. The purpose of the Des Moines RO site visit was to audit the office and the entire IA SC program, and provide necessary support as needed.

In December 2015, VVA National sent staff to the Seattle, WA RO and Bellingham Vet Center for a site visit. The purpose of this site visit was to visit service officers and provide necessary support and training in addition to tracking, identifying, and taking action as necessary on all pending paper appeals at the Seattle RO.

We are looking at conducting additional RO site visits in 2016, pending funding availability.

**Communication Department/M. Porter**

Mokie Porter provided a handout that covered the 2015 communications statistics on web, social media, news and publications.

**Veterans Health Council/Dr. T. Berger**

- Although the VHC has been busy with a variety of veterans’ health issues since the October BOD meeting, including drafting and submitting comments on proposed federal healthcare initiatives to various agencies; attending professional conferences and meetings (e.g., the VA Veterans Readjustment Services Advisory Board meetings); a two-day visit to the Yale Veterans Law School Clinic where VVA Gov’t Aff ED, Rick Weidman, and I conducted several classroom presentations; a presentation at a local community college on Veterans’ Day; as well as a number of media interviews and written articles, the main focus has zeroed in on Hepatitis C and all that’s going on with that…
For example, our national Hep C awareness campaign included a two-day training program in Dallas for the Vietnam vet (VVA members) team leaders, a meeting in San Francisco with non-VA primary care physicians from around the country who treat Hep C patients, and a two-hour streaming live radio presentation in Nashville featuring C&W performers.

On the money side of Hep C within the VA, you all know that the VHC was extremely involved in getting the Congress to fund the treatment of Hep C within the VA system at no less than 1.5 billion over the next two fiscal years, which is 810 million more than the President’s request. On the treatment side, the FDA is currently evaluating the clinical trial data for a Hepatitis B drug.

On the money side of the VHC, $14,030 has been received in donations since I last reported.

**HGDP Report/Q. Butcher**
The 2016 HGDP contracts are in place, GA and MD dealing with vendor issues.

Finance Committee Report  
Committee Chair Ned Foote submitted the following motion:
Motion 6

Move to approve amending the Corporate Printing Policy as indicated below.

CORPORATE PRINTING POLICY
(April 2011)
(Amended January 2013)
(Amended January 2016)

DEFINITIONS

Photocopying: Work that is done on any of the machines located within the national office whether it is duplication of existing documents or the production of new documents from electronic files sent to the machine.

Printing: Work that necessitates the use of an outside vendor to produce the quality and quantity desired for the particular project. Such projects may be the production of the VVA Annual Report, VVA’s Agent Orange Self-Help Guide, or other documents that require a more professional appearance.

BUDGETING

All VVA Cost Center managers that anticipate the need for photocopying or printing within a given VVA Fiscal Year must include a budget amount on the appropriate budget line with the necessary justification when submitting the proposed Cost Center budget for the upcoming budget year.

When budgeting for photocopying you need only budget for the number of copies you anticipate in black/white or color.

When budgeting for printing you must include and specify the cost of design, authorship, formatting, delivery, material, the number of copies to be produced, sales tax, etc. Once the bids have been received, the cost center manager will determine the best vendor based on cost, quality, and delivery time. Cost Center managers must have documentation available to support their requested amounts for printing.

Beginning in Fiscal Year 2014, all lease expenses for the photocopying machines will be charged as an expense to the “owning” departments.

INTERNAL COSTS

Costs will be calculated annually and provided to cost center managers with budget preparation information.

Information Technology will maintain a spreadsheet for each photocopying machine in the national office. Each spreadsheet will provide the name of the individual responsible for the photocopies (by Department), the number of black & white and/or color copies made, the cost
per copy, and the total cost for each person in the department, and the department’s total cost for the copies. Each month, IT will provide a copy of the spreadsheet to all cost centers.

Each month, using the spreadsheet provided by the IT Department, the Finance Department will assign photocopying and printing costs to each cost center.

APPROVALS

Photocopying: a Cost Center’s budget line for photocopying is approved by the National Board of Directors as a part of the annual budget. If/when the Cost Center Manager anticipates that photocopying expenses will exceed the approved budgeted amount, and such additional photocopying expenses cannot be absorbed within the overall cost center budget, the cost center manager must submit a fully justified request to the Finance Committee for approval for either additional funds or approval to overspend the approved budget.

Printing: a Cost Center’s budget line for printing is approved by the National Board of Directors as a part of the annual budget.

REQUESTS FROM STATE COUNCILS AND CHAPTERS

All requests from State Councils and Chapters for printed/photocopied materials will be directed to the Communications Department. Whenever a request is received from a State Council or Chapter, it must be explained that VVA requires a minimum of a ten day turn-around period to produce and ship the requested materials.

VVA will NOT maintain stock supplies of materials which are photocopied in-house. All requests for bulk photocopying, whether from State Councils, Chapters, National Committees, or VVA National Departments will be managed on a “just-in-time” basis.

Stock supplies of materials printed by outside vendors will be stored in locked cabinets either within the Communications Department or within the VVA National Department whose budget pays for the production of the materials. The Communications Department will coordinate with the producing department or committee regarding stock levels. All requests for printing must originate from the Cost Center Manager whose Department budget will be charged.

A log will be created and maintained by the Communications Department of all requests noting the requestor, the date the request was made, the date the materials are needed, the title/s of the materials requested, the quantity of the materials requested, and the date the materials are actually shipped. Additionally, the Communications Department will provide a monthly report to the Finance Committee and to each Department or Committee which produces printed and/or photocopied materials for distribution specifying the number of each document provided during the previous month and a summary of the entities requesting documents provided to each. Data on Chapter requests should include the Chapter’s number and its state/jurisdiction.
All materials requested by, and sent to, State Councils and Chapters shall be at no cost to the requestor.

**SHIPPING**

The shipment of materials to State Councils and Chapters should always be done at the lowest cost possible. All shipping costs will be charged to the Communications Department which will provide a monthly report to the Finance Committee detailing the costs by method of shipping; e.g. USPS, UPS, FedEx, etc.

**FYE 2-28-17 Budget Preparation**
CFO Sternburg provided general instructions that a narrative justification must be provided for each line item where funding is requested. All special project/ non-routine activity requests must include description/purpose of project/expense, identification of project manager or person accountable for monitoring the progress and costs of the project/expense, timeline for project/expenditures and proposed funding listing specific costs, not just a total amount requested.

**Government Affairs, Executive Director’s Report/R. Weidman**
Discussed how VVA could best increase the number of co-sponsors assigned to the Toxic Exposure Legislation and how the grassroots of VVA should keep the pressure on for support. Mr. Weidman introduced Greg Jacob as new VVA employee for the department and Mr. Jacob made some comments.

**CNAS Report**
President Rowan urged everyone to read the report that was available as a handout at the meeting. This analysis portrays a very bleak future for military families and veterans organizations ability to raise funds unless we change our focus on how we determine the outcomes of our activities.

**Defense POW/MIA Accounting Agency**
Director Michael S. Linnington, SES spoke about the 2015 merger which brought about the Defense POW/MIA Accounting Agency and where the DPAA is going in the future.

**National Meetings and Special Events/W. Guidry**
There are new developments and major changes in the upcoming 2016 National Education & Leadership Conference at the Hilton El Conquistador in Tucson, Arizona.

**Membership Department/T. Houston**
Have been working closely with VVA’s Vice President to accomplish basic necessities that are needed moving forth.

The following items were addressed:
- The rebuilding of the Membership Department
- Documenting processes for day-to-day responsibilities and operational procedures of the Membership Staff
• Working on developing a department manual to be used as Standard Office Procedures (SOP)
• Testing of Web rosters
• Working on trying to resolve issues as they are made aware of
• Fire Sale closed out on December 31

**New Business**

**VVA Media Policy and Guidelines:** Secretary Meeks made the following motion:

**Motion 15**

To approve the VVA Media Policy and Guidelines from the VVA Communication Department.

**Vietnam Veterans of America Media Policy and Guidelines**

(Approved January 2016)

**Overview**

Vietnam Veterans of America, Inc., is an established and highly respected Veterans Service Organization. The news media is frequently interested in VVA. We have a responsibility to be open and responsive to their information requests because the media are among the many ways perceptions of are formed of VVA and the work we do in the communities we serve.

**Purpose**

This policy exists to assure that information provided to the national media by the disclosed by Vietnam Veterans of America, Inc., is timely, accurate, comprehensive, authoritative and relevant. Adherence to this policy is intended to provide an effective and efficient framework to facilitate the timely dissemination of information.

**Scope**

This media policy applies to VVA National leadership and staff. This policy covers all external news media, including broadcast, electronic, and print.

**Designation of Media Contact**

The VVA Communications Department is designated as the initial media contact. The President of Vietnam Veterans of America, Inc., is the organization's chief spokesperson. The National
President may designate an individual to be a spokesperson on a particular issue due to their knowledge, experience, and expertise. The VVA Communications Director will work with that designated spokesperson to prepare for the media interview. Preparation may include developing talking points as well as counseling, training, and practicing for the interview.

**When Contacted by a Member of the Media**

When taking a call from the media, the same courtesy and professionalism in which we approach our members should be displayed toward the media. Please act quickly when approached by the media to ensure that the reporter’s deadline is met.

What to Say: “Vietnam Veterans of America's policy is to refer all media inquiries to the VVA Communications Department. You can reach the Communications Director at 301-585-4000, Ext. 146."

Without objection motion passed.

**Policy on Use of the VVA & AVVA Marks & Logos:** Secretary Meeks made the following motion:

**Motion 16**

To approve the amended VVA Policy on Use of the VVA & AVVA Marks & Logos from the VVA Communication Department.

Four minor revisions:

1. Page 7, Item 2: VVA has been added as the registration is complete (don’t know if you want to add any notes?)

2. Page 8, Item 9: The Veterans Initiative Design Mark has been updated; the original translation into Vietnamese of “Veterans Initiative” was by a former ARVN, and didn’t accurately reflect the spirit of cooperation intended. The more recent translation is closer to the intent of the program’s mission. This has no implications for the Trademark Registration and Copyright Office as the VI design mark is registered, but the full logo is not.

3. Page 8, Item 15: The Veterans Health Council Logo art was replaced with the updated version—and this version is the one registered with the copyright and trademark office.

4. Page 11: the Registration mark, “R,” was added to the AVVA “Together Always” banner at the request of the AVVA president.

Without objection motion passed.
